## Assessment Psychosoc Interact

### Service Code Approved Use Summary

<b>CODE #</b>	<u>9</u>
<b>CODE NAME</b>	Assessment Psychosoc Interact 9

#### DEFINITION

A service activity designed to evaluate the current status of a client's mental, emotional, or behavioral health. Assessment includes but is not limited to the following: mental status determination, analysis of client's clinical history; analysis of relevant cultural issues and history and diagnosis. The Server may be gathering information from a variety of sources.

Interactive complexity includes the need to manage high reactivity, emotions or behavior of participants that interferes/complicates implementation or delivery of treatment services. It also may include mandated reporting such as in situations involving abuse or neglect. May include the use of play equipment, other physical devices, and interpreter or translator services. Per the Center for Medicare and Medicaid Services (CMS), **“Interactive CPT add-on code generally should not be billed solely for the purpose of translation or interpretation services”** as that may be a violation of federal statute.

## Medication Training and Support

### Service Code Approved Use Summary

<b>CODE #</b>	<u>19</u>
<b>CODE NAME</b>	Meds Training and Support 19

### DEFINITION

Psychiatric medication-related services provided by nurse or physician including obtaining informed consent linked to providing Medication Support Services activities; instructions in the use, risks and benefits of and alternatives for medication; and plan development related to Medication Support Services. This may include services to client, family and caregivers.

#### Note:

Some service activities under Medication Support Services (Title 9, CCR 1810.225) are Medicare reimbursable, whereas others are not as of DMH Letter 11-06, April 29, 2011. MHPs may now use procedure code H00 (Medication Training and Support) to claim the above non-Medicare reimbursable service activities under Medication Support Services directly to Medi-Cal.

## Katie A. (KTA) Intensive Care Coordination

### Service Summary Code Approved Use

<b>CODE #</b>	<u>82</u>
<b>CODE NAME</b>	<u>Intensive Care Coordination ICC 82</u>

#### DEFINITION

Intensive Care Coordination (ICC) is a service that is mandated for members of the Katie A Subclass and available through the EPSDT benefit to all children and youth under the age of 21 who are eligible for the full scope of Medi-Cal services and who meet medical necessity for these services. ICC is provided through collaboration between the members of a **Child and Family Team (CFT)**. A Child and Family Team must be identified in order to provide ICC. ICC requires active, integrated and collaborative participation by the provider and at least one member of the CFT. ICC is a service that is used for the identification and coordination of ancillary supports and systems which promote safety, permanency and well-being. ICC services are offered to clients with significant and complex functional impairment and/or whose treatment requires cross- agency collaboration.

ICC may be indicated when a youth is:

- At risk of psychiatric hospitalization
- Recently discharged from hospitalization (generally within last 90 days)
- Recently discharged from Emergency Screening Unit/ North County Crisis, Intervention and Response Team (generally within last 90 days)
- At risk of needing crisis stabilization (Emergency Screening Unit/North County Crisis, Intervention and Response Team)
- Placed in, being considered for, or recently discharged from an STRTP, CTF, or PHF
- Receiving intensive services from programs such as:
  - Crisis Action Connection
  - Therapeutic Behavioral Services (TBS)
  - Wraparound
  - Comprehensive Assessment and Stabilization Services (CASS)
  - Foster Family Agency Stabilization and Treatment (FFAST)

**Crisis Stabilization- ESU**

**Service Code Approved Use Summary**

<b>CODE #</b>	<u>91</u>
<b>CODE NAME</b>	<u>Crisis Stabilization ESU 91</u>

**DEFINITION**

“Crisis Stabilization” means a service lasting less than 24 hours, to or on behalf of a beneficiary for a condition that requires more timely response than a regularly scheduled visit. Service activities include but are not limited to one or more of the following: assessment, collateral, and therapy. Crisis stabilization is distinguished from crisis intervention by being delivered by providers who do meet the crisis stabilization contact, site, and staffing requirements described in CCR, Title 9, Sections 1840.338 and 1840.348. (CCR, Title 9, Sections 1810.210).

**Therapeutic Foster Care (TFC)**

**Service Code Approved Use Summary**

<b>CODE #</b>	<u>94</u>
<b>CODE NAME</b>	<u>Therapeutic Foster Case (TFC)</u>

**DEFINITION**

Therapeutic Foster Care (TFC) services are provided to a distinct group of individuals on a short term basis and occur in an at home therapeutic, organized and structured setting. TFC is intended for children and youth who require intensive and frequent mental health support. TFC should not be the only Specialty Mental Health Service (SMHS) that is received, as youth must also be receiving ICC and other medically necessary SHMS. There must be a CFT in place to guide

<b>CODE #</b>	<u>95</u>
<b>CODE NAME</b>	<u>Day Treatment 95</u>

**DEFINITION**

These services are provided to a distinct group of individuals and occur in a therapeutic, organized and structured setting. There are two levels for day treatment:

- 1) Day Treatment Intensive provides an organized and structured multi-disciplinary treatment program as an alternative to hospitalization, to avoid placement in a more restrictive setting, or to maintain a client in a community setting.
- 2) Day Rehabilitation provides evaluation and therapy to maintain or restore personal independence and functioning consistent with requirements for learning and development.

Day Treatment services shall be pre-authorized. A Day Treatment service shall only be entered when the client attended for at least 50% of that program's scheduled time for that day.

**DEFINITION**

Office or other outpatient visit for the evaluation and management of an established client. Usually, the presenting problem(s) are minimal.

Interactive complexity includes the need to manage high reactivity, emotions or behavior of participants that interferes/complicates implementation or delivery of treatment services. It also may include mandated reporting such as in situations involving abuse or neglect. May include the use of play equipment, other physical devices, and interpreter or translator services. Per the Center for Medicare and Medicaid

Services (CMS), **“Interactive CPT add-on code generally should not be billed solely for the purpose of translation or interpretation services”** as that may be a violation of federal statute.

**Service Code Approved Use Summary**

<b>CODE #</b>	<u>111</u>
<b>CODE NAME</b>	<u>Meds EM New Expand Prob INT111</u>

**DEFINITION**

Office or other outpatient visit for the evaluation and management of a new client which requires these 3 key components: a) An expanded problem focused history; b) An expanded problem focused examination; c) Straightforward medical decision making. Service is consistent with the nature of the problem(s) and the client's and/or family's needs. Usually, the presenting problem(s) are low to moderate severity.

Interactive complexity includes the need to manage high reactivity, emotions or behavior of participants that interferes/complicates implementation or delivery of treatment services. It also may include mandated reporting such as in situations involving abuse or neglect. May include the use of play equipment, other physical devices, and interpreter or translator services. Per the Center for Medicare and Medicaid Services (CMS), **“Interactive CPT add-on code generally should not be billed solely for the purpose of translation or interpretation services”** as that may be a violation of federal statute.

**Pending Void and Reentry**

**Service Code Approved Use Summary**

<b>CODE #</b>	<u>998</u>
<b>CODE NAME</b>	<u>Pending Void and Reentry</u>

**DEFINITION**

This code is used when a service has already been claimed and is pending payment or denial by Medi-Cal. This code is only to be used when a service needs to be removed and replaced but the claim is pending State processing. The 998 code is used for tracking those services that need re-entry once the claim has been reconciled. 998 is meant to be a temporary holding place for pending claimed services and must be reconciled once the program has been notified of final claim status from the MH Billing Unit.
