Cost Limitations

For each term period stated on the Signature page of the Contract:

- The parties estimate that performance of the Agreement will not cost the County more than the maximum Agreement amount specified in the Compensation clause of the Agreement Signature page.
- The Provider agrees to use their best efforts to perform the work specified and all obligations under the agreement within the maximum Agreement amount.

The Provider shall adhere to the requirements in their contract’s Exhibit C, C1 and C2. Provider shall notify the Contracting Officer Representative (COR) in writing whenever there is reason to believe:

- The costs the Providers expects to incur under the agreement in the next 60 days, when added to all costs previously incurred, will exceed 75 % of the maximum Agreement term amount as specified in the Compensation clause of the Agreement Signature page, or

As part of the notification, the Contractor shall provide the COR a revised estimate of the total cost of performing the Agreement for that term.

Unless otherwise stated in the agreement, the County is not obligated to reimburse the Provider for costs incurred in excess of the maximum Agreement amount specified in the Compensation clause of the Agreement Signature page.

The Provider is not obligated to continue performance under the Agreement (including actions under the Termination clause of the Agreement) or otherwise incur costs in excess of the maximum Agreement amount specified in the Compensation clause of the Agreement Signature page, until the COR notifies the Providers in writing that the maximum Agreement amount has been increased and provides a revised maximum Agreement amount of performing this Agreement.

In the absence of the specified notice, the County is not obligated to reimburse the Providers for any costs in excess of the maximum Agreement amount.

If the maximum Agreement amount is increased, any costs the Contractor incurs before the increase that are in excess of the previously maximum Agreement amount shall be allowable to the same extent as if they incurred afterward, unless the COR issues a termination or other notice directing that the increase is solely to cover termination or other specified expenses.

Drug Medi-Cal

Per Cost Reporting/Data Collection Manual the "policy of the State Agency is that reimbursement for Drug Medi-Cal services shall be limited to the lowest of published charges and actual costs".

Definitions

- **Provider** means the program providing the SUD services. It is part of a legal entity on file with the State's Department Health Care Services (DHCS).

- **Published Charge or Published Rate** is a “term used in CFR Title 42 to define provider cost reimbursement mechanisms from third party sources. This generally means that customary charges throughout the year should be as close to actual (cost) as possible to avoid a lesser of costs or charges audit exception circumstance.” Published rates for services provided by organizational providers must be updated at the beginning of each fiscal year to ensure the County’s MIS has the accurate information as well as ensuring no potential loss of Medi-Cal revenue. The published rate for a specific service should, at a minimum, reflect the total cost for providing that service to ensure no loss of Medi-Cal revenue. Published rates are to be submitted to BHS Contract Support Unit (CSU) NLT than August 1 of each year.
- **Actual Cost** is reasonable and allowable cost based on year-end cost reports and Medicare principles of reimbursement per 42 CFR Part 413 and HCFA Publication 15-1.
- **Federal Financial Participation** per Title 9 CCR Chapter 11 means the federal matching funds available for services provided to Medi-Cal members under the Medi-Cal program.

Medi-Cal Disallowance/Recoupment

BHS is obligated to disallow SUD services for Medi-Cal reimbursement per the terms of the Intergovernmental Agreement between DHCS and the County. When standards are not met in documentation of Medical Necessity, Treatment Plans, Problem Lists, Progress Notes, Group Participant Lists, and other standards as described in the current version of the SUDURM and as outlined in any reasons for recoupment established by the Department of Health Care Services (DHCS), disallowance/recoupment occurs.

Organizational providers shall be responsible for ensuring that all medical records comply with federal, state and county documentation standards when billing for reimbursement of services. The Medi-Cal claims for the above circumstances will be deducted from contractors’ invoice and contract payment. In accordance with State guidelines, these disallowances may be subject to future change. Contractor shall reimburse BHS for any disallowance of DMC payments, and reimbursement shall be based on the disallowed units of service at the Contractor’s actual unit rate.

Billing Disallowances

The policy of San Diego County Behavioral Health Services Administration (SDCBHS) is to recoup costs by disallowing billing which has been identified and reported to the SDCBHS by the Contracted Organizational Providers in accordance with documentation standards as set forth in the current Substance Use Disorder Uniform Record Manual (SUDURM) and as outlined in any reasons for recoupment established by the Department of Health Care Services (DHCS).

Procedures

The following are the procedures to be followed for QA-identified and Provider-Identified billing disallowances to ensure consistent procedures are used when the information is reported to Behavioral Health Services Administration by providers.

1. All programs shall conduct internal review of medical records on a regular basis (i.e., monthly) to ensure that the documentation meets all County, State and Federal standards and that billing is substantiated. Additionally, providers shall participate in additional compliance reviews by SUD QA staff as described in [Section I: Quality Assurance – Monitoring](#).
2. If the review of a client’s chart results in a finding that the clinical documentation does not meet the documentation standards as set forth in the current SUDURM, the provider shall be responsible for corrective action which may include recovery of payment.
 - a. If billing errors are identified, such as wrong time or procedure code, contact BHS Billing Unit via [email](#) or phone call 619-338-2385 for further instructions.
3. To void a claim identified as disallowed, providers shall complete and submit the Provider Drug Medi-Cal Payment Recovery Form, located on the Optum site under the Billing tab, and submit to the BHS Billing Unit. Refer to the [County of San Diego Behavioral Health Services Drug Medi-Cal Organizational Providers Billing Manual](#) for form instructions. Providers shall ensure that the claim item listed on the form as disallowances are noted correctly and do not contain errors. Items that are listed on the form incorrectly are the responsibility of the provider to correct. All disallowed services must be listed on the form exactly as they were billed.
 - Submit the encrypted recovery form to both BHS QA staff and the BHS Billing Unit:
 - SUD QA: send report via secure email to QIMatters.HHSA@sdcounty.ca.gov or fax to 619-236-1953
 - BHS Billing Unit: send report via secure email to ADSBillingUnit.HHSA@sdcounty.ca.gov or fax to 619-236-1418
4. For details on how to process disallowed services, please refer to the [County of San Diego Behavioral Health Services Drug Medi-Cal Organizational Providers Billing Manual](#).
5. All providers are required to review the DHCS Remittance Advice (RA) list of denied claims (Excel Claim Denial Report), sent by the BHS Billing Unit, to determine if the claims or the denial reasons are valid and track internally for cost reporting or claims reconciliation purposes.

BHS Contract Support Procedures

1. At a minimum annually, SUD QA conducts a Quality Assurance Program Review. This review includes a report of findings regarding disallowances/recoupments for not meeting standards as described above. Programs are required to follow the process for disallowance/recoupment as described in the QAPR report.
2. Contractors are expected to reflect the disallowed units (including self-report) in the next invoice if findings are made within the same fiscal year.
3. If findings are made after the fiscal year ends, Contractors that have been overpaid may elect to repay the recoupment via check or an offset from future payments.

- If the contractor pays by check, the check is received by ASU staff and forwarded to Financial Management staff for deposit. The payment is logged in the contract file along with a copy of the payment.
- If no check is received by ASU within 15 business days from the date of the letter to the Contractor; the recoupment amount is deducted from the next scheduled provider payment.

Stolen, Damaged or Missing Equipment

1. Contractor shall inform the COR in writing within 48 hours of any stolen, damaged or missing equipment purchased with County funds. Exception: Any lost or missing item that contains personal information shall be reported in writing to the COR within 24 hours. Article 14 Information Privacy and Security Provisions requirements shall be followed when appropriate.
2. Contractor may be responsible for reimbursing the County for any stolen, damaged or missing equipment at the current book value of the asset.

Vehicles

1. The preferred method for Contractor(s) to acquire vehicles is through a lease arrangement. COR and County Management preapproval must be obtained for Contractor to acquire a vehicle. Vehicles shall be registered with the Contractor as the lien holder and registered owner. Whether vehicles are leased or purchased, Contractor shall maintain appropriate insurance on vehicles, follow maintenance schedule, as required by the automobile manufacturer. Vehicle(s) usage and insurance requirement language will be included/amended in the contract.
2. If vehicle will be purchased, COR must obtain written pre-approval from:
 - ACS Director, and
 - DPC Director
3. At contract termination, or when the original or replacement equipment/vehicle is no longer needed, or has become obsolete, or is inoperable and impractical to repair, a formal disposition process will be required (refer to BHS Property Transfer/Disposal Process). Contractors shall work with the COR, who will determine the final disposition of the item(s).

Inventory Disposition

1. Contact the COR before disposing of property purchased with County funds, and which the County may retain title under this paragraph, shall be disposed of at the end of the Contract Agreement as follows:

At County's option, it may:

- Have contractor deliver to another County contractor or have another County contractor pick up the non-expendable property;

- Allow the contractor to retain the non-expendable property provided that the contractor submits to the County a written statement in the format directed by the County of how the non-expendable property will be used for the public good;
 - Direct the Contractor to return to the County the non-expendable property.
2. BHS Property Inventory Form, (located on Optum site – Forms tab)
- As the contractor disposes of equipment the following columns on the BHS Inventory form must be completed and a copy provided to the COR.
 - “Date of Disposition of Capital/Fixed Assets or Minor Equipment”: This is the actual date the item was delivered and accepted by County Salvage.
 - “Date form AUD253 completed”: This is the date the COR signs and returns AUD253 form to the contractor.

3. **DPC 203 Transfer or Disposition of Minor Equipment Form(s) and Procedures**

NOTE: Procedure for Property Transfer to the County of San Diego – Property Disposal or Transfer to another contractor. For purposes of this section on disposal of minor equipment, “contractor” refers to the specific numbered County contract, and that contract’s County-owned property, not to the combined County-owned assets of multiple County contracts held by a parent organization/organizational provider. Both versions of form DPC 203 and the Mobile Devices SUPPLEMENTAL form can be:

- Downloaded from links in the [Technical Resource Library](#) (TRL).
- Provided to the contractor by BHS staff; or
- Downloaded from links posted on the [OPTUM](#) website “Forms” tab; or
- Downloaded from the Department of Purchasing & Contracting public facing page https://www.sandiegocounty.gov/content/sdc/purchasing/property_disposal.html.

BHS Contract Support administrators will keep an internal record of any County-owned property and conduct an inventory of all County-owned property during selected site visits.

There are three distinct transfer/disposition procedures in place for minor equipment. These are for disposal of Non-IT items that do not have memory, IT items containing memory, and Mobile Devices. All minor equipment salvage requests are to be completed by the contractor on the appropriate version of the DPC 203 form and forwarded to their Contracting Officer’s Representative (COR) who will review, approve, sign and forward the DPC 203 form to the appropriate County staff. Once processed and approved by BHS and/or the Department of Purchasing and Contracting (DPC), the COR will notify the contractor of further steps. All DPC 203 forms must include the program name, contract number, COR name, address (with Zip Code) identifying the physical location of the items, and full site contact information including name, phone number and email. Directions for transfers between contracts are included below for each procedure. A new fillable .pdf version of the basic DPC 203 (DPC 203 Fillable) is now available for use for Non-IT and IT disposal. There is not a fillable .pdf version of the DPC 203 Mobile Devices SUPPLEMENTAL; both Excel files are still in use for Mobile Devices. Contractors are not to make changes to the DPC 203 forms, including changing pre-filled wording or making any entries in the forms’ boxes #7 through #16. Non-IT equipment, IT equipment and Mobile Devices

cannot be listed on the same DPC 203 form. Flowcharts for the three procedures are also located in the TRL (See [OPTUM](#) website “Forms” tab for DPC 203 forms).

- a. **Non-IT Disposal Requests** (furniture, office equipment without memory: printers, most copiers, non-memory-containing computer accessories [computer monitors, keyboards, and mice], routers, docking stations, wireless access points, DVD players, etc.)
 - Requests are to be completed on the DPC 203 Fillable .pdf form, checking the Non-IT box, and sent to the COR for review, approval, electronic signature and forwarding.
 - Non-IT requests require the condition of the items to be noted and must be accompanied by photos in .jpg format, preferably with like items grouped but individually identifiable in the photos.
 - Once DPC’s approval is final, the COR will provide the program with the approved DPC 203 form (with a Control No.) and directions for delivery by the program, per pre-scheduled appointment, accompanied by the approved DPC 203 form, to the County’s disposal contractor. Contractors are to retain the disposal contractor’s proof of delivery and forward the documentation to the COR.
 - Contractors are to retain the disposal contractor’s signed proof of delivery and forward the documentation to the COR team.
 - *[Transfers of Non-IT items between contracts/programs require the sending program to complete the DPC 203 Fillable, entering both the sending and receiving programs’ names, contract numbers, COR names, current and future addresses of property, the site contact names, phone numbers and email addresses, and forward to the sending COR. The sending COR reviews, approves, electronically signs the form, and secures the receiving COR’s approval and electronic signature (if different). The COR then forwards the approved form to BHS staff for further processing. Transfers of Non-IT items do not require photos or condition.]*

- b. **IT Disposal Requests** (those items with memory: computers, laptops, notebooks, servers, zip drives, higher-end copiers with memory, etc.)
 - Requests are to be completed on the DPC 203 Fillable form, checking the IT box, and then sent to the COR for review, approval, electronic signature and forwarding. The DPC 203 Fillable form includes a section for Wipe Certification for use with IT disposals. (HHSA only recognizes Department of Defense (DOD) level wiping done by its approved IT Wipe Vendor). IT items must be physically located at the address provided on the DPC 203 and retained at that site for pick up.
 - Use DPC 203 form as a cover sheet: no itemizing on the form.
 - On the DPC 203, the “Sender Information, Equipment Location and Contract Information” section is to be completed with full contract and contact information.
 - The DPC IT SUPPLEMENTAL form is to be completed, listing individual items by Description (brand and model), Serial Numbers (NOT model numbers), “N/A” under Password to Unlock (passwords must be removed on all IT devices), and indicating “N” (for No) in the “Grant Funded” column.
 - Group pictures are required for IT items, they do not to be individual.

- Following receipt of the disposal form with COR approval, the contractor will be contacted by HHSA IT's Wipe Vendor to arrange for pick up for disposal. *(Include the power cords for all types of computers at point of pick-up. Note the physical location of the serial number on each unit, as the Wipe Vendor must verify serial numbers as a condition for pick up).*
 - The contractor must ensure that the IT Wipe Vendor completes the first box of the Wipe Certification of the DPC 203 form at point of pick-up.
 - Once the equipment is picked up, the contractor will send a copy of the DPC 203 form with the completed wipe pick-up confirmation to the COR.
 - *[Transfers of IT items between contracts/programs following DOD wiping, require the sending program to complete the DPC 203 Fillable, entering both the sending and receiving programs' names, contract numbers, COR names, current and future addresses of property, the site contact names, phone numbers and email addresses, and forward to the sending COR. The sending COR reviews, approves, electronically signs the form and secures the receiving COR's approval and electronic signature (if different), and forwards the DPC 203 form to BHS staff. BHS staff then arrange for HHSA IT's Wipe Vendor to pick up the items, do the DOD wipe, and return the wiped items to the contractor at the pick-up location. The contractor secures the DOD Wipe Vendor's signature on the DPC 203 at point of pick up (first box of Wipe Certification) and again when wiped items are returned (second box of Wipe Certification). Following DOD wiping, the sending program sends the COR the DPC 203 with both sections of the Wipe Certification completed. The sending and receiving programs then coordinate transfer of wiped equipment. Contractors should discuss situations with their CORs when the wiping requirement may potentially be waived, for example certain same provider re-procured (rollover) contracts, or when a new provider will be serving the identical client base and providing identical services. In these situations, a wipe waiver, obtained by the COR from HHSA Compliance Office, is required.]*
- c. **Mobile Devices Disposal Requests** (cell phones, flip phones, smart phones, hotspots, Wi-Fi cards, tablets, etc.)
- Requests are to be completed using, the DPC 203 and the DPC IT SUPPLEMENTAL, and sent to the COR team for review, approval and forwarding.
 - Use DPC 203 form as a cover sheet: no itemizing on the form.
 - The DPC IT SUPPLEMENTAL form is to be completed, listing individual items by brand, model and type, providing serial numbers (NOT model numbers) and "N/A" under passwords (passwords must be removed on IT devices), and indicating "N" (for No) in the "GRANT FUNDED" column. This salvage process requires a group photo, in .jpg format, of the listed Mobile Devices.
 - This results in a disposal approval email which must be forwarded by the COR to the contractor along with the approved DPC 203 and IT Supplemental forms. The email includes a FedEx prepaid shipping label that must be printed only by the contractor, attaches it to the package of devices, encloses a copy of the approved Mobile Devices DPC 203 and IT Supplemental (approval with the Control No.) in the package, writes the Control No. on the outside of the package, and takes the package to the FedEx outlet for shipping to the County's Mobile Devices Salvaging Vendor.

- *[The contractor packages the devices for secure, cushioned shipping, encloses a copy of the approved Mobile Devices DPC 203 and IT Supplemental form with the Control No. in the package(s) and writes the Control No. on the outside of the package(s).]*
- **NOTE:** DPC requires that all Mobile Devices be reset to their factory default setting prior to shipping.
- *[Transfers of Mobile Devices are limited to situations where: either the provider, program and services remain the same and only the contract number changes; or where a new provider will be assuming identical services for an identical client population. For Mobile Device transfers where a provider has changed, a wipe waiver must be secured by the COR from the HHS Compliance Office before the devices can be made available to the new provider.]*
