

## Behavioral Health Services (BHS) – Information Notice

<b>To:</b>	<b>BHS Contracted Service Providers</b>
<b>From:</b>	<b>Behavioral Health Services</b>
<b>Date:</b>	<b>September 17, 2021</b>
<b>Title</b>	<b>COVID-19 Vaccination Report</b>

The **COVID-19 Vaccination Report** is a new resource available to programs that will identify which clients, age 16 and older, are not vaccinated, along with client contact information, through a data sharing agreement between BHS and the San Diego Regional Immunization Registry. The purpose of the report is to identify clients for outreach regarding preventative health measures. Use of the report is not required but highly encouraged. **The report will be available starting October 1, 2021.**

### Accessing the COVID-19 Vaccination Report through HealtheAnalytics

The report will be hosted on the Cerner HealtheAnalytics platform. To ensure programs are successful in utilizing the platform, several resources will soon be available to support users including training materials, tip sheets, a video tutorial, and live demos. Training materials will provide instruction on how to navigate the HealtheAnalytics system, select clients who are open to their programs, and produce reports.

To request an account, please provide your first/last name, email, unit, and Cerner ID# on the [COVID Dashboard: Access Request Form](#). We recommend programs interested in accessing the report select two or three staff to gain access in the system and select staff who work with clinicians such as program managers or senior administrative staff.

While BHS will not be posing any requirements related to this project, ongoing monitoring will take place to review report utilization and trend vaccination rates to understand the impact reporting has on minimizing the COVID-19 risk among our client population.

### Questions and Support

For support relating to system access, running reports, and any other issues that may arise programs should contact [BHSdatasystems.HHSA@sdcounty.ca.gov](mailto:BHSdatasystems.HHSA@sdcounty.ca.gov).
